TONOPAH'S FUTURE

With five mills steadily turning out bullion in the immediate vicinity of Tonopah and the sixth plant at Millers, it is not to be wondered at that Tonopah is ranked as the greatest gold and silver producing camp in the world. Shipments of bullion are of almost daily occurrence and little comment is caused when the stacks of bullion bars are sent forth to the smelter or mint.

At the present rate of mill construction in Tonopah it will be but a few years before the number of plants now operating is doubled and with increased milling facilities there will be a like increase in the ore extraction from the underground workings. The extension of operations will mean the employment of additional laborers, and there is every reason to predict that at the expiration of the next five years the population of Tonopah will be more than double the present total.

BEFORE AND AFTER

Before the Chicago and Baltimore conventions the corporations were condemned on every hand. Now the self same corporations are making campaign contributions for every candidate who has announced himself for the presidency, and strange as it may appear, the contributions are not being rejected. The vast horde of reformers that secure publicity during the early part of the campaign, change their tactics later when funds are needed to pay expenses.

Political consistency has not changed one bit during the last century and every presidential campaign witnesses the same old charges, tactics, and finally ends with the repetition of the acceptance of funds from all sources. The taint, it appears, wears off the funds within a remarkable short space of time after the nominations are made and this is the probable reason for the activity of the Pacific coast sugar trust in advocating the election of Wilson, and the harvest trust in backing Roosevelt.

Jack Johnson is now being mentioned as a running mate for Theodore Roosevelt on the progressive ticket. The colored champion appears to be the original progressive, and what is more, no one dares kick his hat from the ring.

Today will be ladies' day in cleaning up the old Bonanza site. All volunteers will be provided with shovels.

If Taft loses Nevada just place the blame upon us. We actually failed to mention the president for at least five days.

Well, the vacuum washing machine was cleaned in three minutes all right.

Will somebody please loan us a tent before we are forced to buy such a structure.

For tomorrow the management will present one of the greatest war pictures ever presented, entitled "Fighting Dan McCool," which is taken from real history, which makes it more interesting, and shows by far the most realistic battle scene ever shown on a curtain and has taken the audience from its seats wherever shown. Next Monday two good vaudeville teams for one week.
